Dear Community Leader,

I'm pleased to introduce myself as the Coordinator for the Local Planning and Advisory Council for Early Care and Education (LPC). The LPC is committed to promoting quality early care and education through community assessment, advocacy, resource development, and collaboration with other agencies in Contra Costa County.

I'm writing to invite you to join a countywide movement led by the LPC to engage in important conversations and develop smart policies that foster the development of a much needed skilled and trained workforce. With this in mind, the LPC hosts the Young Children's Issues Forum which is an annual community event coordinated by the Contra Costa County Office of Education. The purpose of the event is to provide a forum for discussion among legislators, local officials, business leaders and the community regarding current children's issues.

Our **12<sup>th</sup> annual forum will be on Saturday, March 12, 2016 from 9 a.m. to 2 p.m.** The LPC greatly encourages the participation of the community at large which includes state legislators, local officials, business leaders, community agencies, parents, child care providers, and teachers. The Annual Young Children's Issues Forum has a track record of successfully engaging a diverse group of community members; some of our past event outcomes and highlights include:

- Recognized by the California Child Development Administrators Association (CCDAA) for outstanding accomplishments in the area of legislation in support of child development, March 2011.
- Joint State Senate & Assembly Resolutions in 2012 and 2014 in recognition of the LPC's exemplary role as the catalyst for promoting civic and community engagement to increase awareness regarding socio-economic issues facing children and families in the Bay Area and beyond.

### **Summary of the Governor's Proposal for Early Education Programs For Fiscal Year 2016–17**

The Governor's proposed budget for Early Education programs in the fiscal year (FY) 2016–17 is \$3.2 billion. The budget includes a significant policy proposal with the creation of the Early Education Block Grant (EEBG) for Local Educational Agencies (LEAs). The EEBG would consolidate resources to target services to low-income and at-risk children and their families. The Governor contends that the distribution of funds through the EEBG will result in greater local financial flexibility. Local education officials would be able to develop programs that meet their community's local needs and prioritize services for their community's lowest-income and most at-risk children. This would be a substantial change to the established programs currently administered by the California Department of Education.

#### **In FY 2016–17 the Governor proposes the following:**

Creation of a \$1.654 billion Early Education Block Grant

- Combine funding for the California State Preschool Program (CSPP), transitional kindergarten (TK), and the Preschool Quality Rating and Improvement System Grant into the Early Education Block Grant
- Provide greater local financial flexibility to LEAs on implementing the program that best addresses their community's needs
- Prioritize services for the lowest-income and most at-risk children
- Builds upon the Local Control Funding Formula (LCFF)

- Block grant funding will be distributed based on student population and to schools with large populations of disadvantaged children
- No LEA will receive less funding under the block grant than it received under the prior funding models

Proposes budget trailer bill language requiring the California Department of Education to develop a plan to transition contracted funding into vouchers over the next five years.

Provides full year funding for FY 2015 Budget Act investments including \$16.9 million non-Proposition 98 general fund and \$30.9 million Proposition 98 general fund for the following:

- 1, 200 Non-LEA Wraparound Care Slots for State Preschool - \$3.471 million
- 4.5% Regional Market Rate Ceiling Increase - \$9.875 million
- 5% Rate Increase for License-Exempt Providers - \$3.578 million
- 5,830 Full-Day LEA State Preschool Slots - \$28.369 million
- 1,200 Non-LEA Part-Day State Preschool Slots - \$2.507 million

\$1.8 million non-Proposition 98 general fund increase for CalWORKs Stage 2. While there was a decline in the number of cases, the cost per case increased.

\$33.4 million non-Proposition 98 general fund increase for CalWORKs Stage 3 to reflect an increase in the number of cases and the cost per case.

\$10.4 million increase in federal funds to reflect the projected increase in the base grant amount.

The following chart reflects the number of children served by age and program type:
