- Both legislators were heartfelt and plugged into the issues. Focus on action and advocacy. Mills presenter was fabulous.
- 1) First speaker Julie, stating that public school administrators do not know and value ECE-explain my frustration in attempting to get them to understand ECE achievement/academics. 2) The two legislators and how they 'get' the ECE value and work towards supporting ECE by the state

One thing I would add to a future Forum:

- To continue celebrating our advocacy.

- To support teacher's life ✓
- Perhaps a panel of parents for next year ✓✓✓
- Thank you for the children parade. Thank you for every detail.
- Less paperwork
- More discussions about curriculum planning for ECE
- I would like to keep it the way it is. This is very informative.
- I would like to keep most part the way it is. It was very informative. But if I must add something for future it would be for someone from the special ed department to be a part of this Forum to answer questions.
- Ways we can come together to support the ECE field on the future through funding and support systems for teachers and their families.
- More interactive participation maybe less sitting
- Perhaps inviting as Assembly person or congressman who had voted against ECE fundings to see the other side of the issues we have in profession.
- None ✓✓
- We need more business and local people here to hear what we are saying.
- Have more tables for attendees.
- Thank you ✓
- To support teacher's life help us a lot.
- Vote of registration
- Have more training
- More presentations of this kind (legislators)
- I would like if you add 'bilingual teachers' what happen with them.
- I liked-loved the way it was presented and the procedure of it.
- Keep having this kind of forums
- Good benefits
- Very well explained.
- Let's make more awareness and how to bring up policy to solve this issues.
- Need Congressional reps here and speaking on how they support families and young children. What happened to the businesses?
- More networking with other programs and more understanding on LPC to take to all teachers.
- Maybe a parent section/panel would be a great idea to add to this forum to learn about their experiences and concerns.
- Adding more agencies to the resource fair. This is a great opportunity to connect and most of us could benefit form more community agencies/resources.
- Less 'electeds' while I think they bring valuable insight. I think that more from the field would be beneficial.
- Don't stop please continuing to do this kind of meeting.
- Hard to find something else, you are great.

- As a teacher working 40 hours a week we know are goals but for the future ones have something with more fun or more educate for us to learn something new for our knowledge.
- Some current/new child development research.
- Everything was great!
- Nothing it was a great forum.
- More time to just eat lunch and network.
- 1) Great if legislators could hear Julie-but know from organizing events that is a cat heard (done at end! It would have been great after keynote – so provocative!)-a follow up message. 2) Something in .5 hrs that brings and voice in: live Q&A after keynote, tabletop conversations at lunch?
- Activity at beginning in which the attendees stand or in some way self-identify the group they are from –to get a sense of who composes the whole.
- Greater recognition for the workforce
- To have teachers also as speakers
- Possibly a panel group discussion like a back and forth with policy makers, teachers, and parents.
- Hearing from our governor ✓✓
- I hope every year you choose different teachers to tell their stories as well!
- More time to discuss and hear about personal success from the teachers.
- Have word of this kind of presentation.
- Parents testimonials of challenges and success. ✓
- Workshops for teachers to give them learning and exchange forum.
- Provide online handouts and have more vendors
- Teachers Voices.
- We need to have the outline of the keynote address so we can follow with speaker to understand all of the information. I would like to have a copy of the keynote address.
- More participation of Latino speaking representative.
- Support teacher's life
- To let people ask several questions
- Continue to do outreach to our politicians.
- More information about preschool and better school with high standards.
- More time for networking
- Get the governor here! Or the president!
- Attend more of these events; they are informative, educative and keeps us up to date.

- Speaker from Childhood Center for Creativity from Bay Area Discovery Museum
- Stories of Quality
- Talk about children with special needs

- Have teacher panel first so Assembly Members can hear their voices. A PowerPoint handout sent via email (to minimize paper waste). Also, more diverse goodies – the coloring pamphlets handed out did not seem diverse. Lastly, a presentation on inclusion in ECE.
- To discuss teachers and some of the classroom issues
- Someone that can help with salary increase, worthy wages.
- I would add the governor to forum so he can hear our issues.
- Government come next time
- More time to discuss ideas with other teachers/educators at tables or in small break-out groups
- More concrete ways to advocate for change other than just letters
- I would like to broader issues of innovations.

- Cultural inclusion, and bilingual children, family engagement
- I would like to see if the speakers really work on what preschool teacher are asking to work on it (salary)
- Give a hard copy of the outline of the keynote speaker-some of us are students and teachers at the same time and it is a lot of information to process-it will be nice to go back and read it and share it.
- None, it is already improving each year in quality and organizing the program.
- Ways to engage parents in education and supporting their own children. We need to promote the idea of play and hands on learning.
- Extra information to get a better quality daycare and preschool
- More resource tables
- Longer question and answer period
- I would like that add workshop and more days.
- Creating new techniques and activities for ECE
- A report of the prior year promises and questions of if there was improvements in the issues we were exposed.
- How we are improving our teachers financially and other needs of teachers too.
- The family's role in our success as educators.
- Teachers should be working whole day not by ratio.
- No workshops on Saturday or Fridays
- List of legislators, role of business, how to educate parents to place less emphasis on academics.
- More, more politically, legislators –not just preaching to the choir.
- A quality speaker with an offering of some amusement, funny or poignant stories, and a few laughs, laughter often makes connecting and sparks memory-to assist in forwarding/remembering the presentations.

- I like this council; it is very knowledgeable and very useful.
- I am interested in not only compensation, but also the requirements to be a teacher. They go hand in hand. But do you feel that higher teacher requirements (that would need to be met with higher compensation) would lead to higher quality center?
- This forum was so wonderful great information and networking was the best.
- Good food.
- Great job LPC team!!

- Seeing so many child educators in one room and working for the same cause.
- Room was too cold. Only complaint. Good lunch-unusual-actually tasted good. Thrilled that family child care is represented.

- The speakers must work on teachers' salaries because with our salary that we have now is hard to support our families.

- Very thank you to have the opportunity to attend to the 12th Annual Young Children's Forum and learn a lot.
- Thank you for providing a nice blend of speakers. Thanks also for providing food. Child care, and networking opportunities.
- Very informative
- Thank you for having these forums. Please do not filter our questions from the floor. Stop calling early education 'child care' it makes people think of babysitting, not education!
- On how important it is for the teachers to get the support needed and compensation they deserve.
- Please don't bring again these Mediterranean foods, the years before food was very great, healthy and tasty. The food this time is very condimented. And please check the heater, today we were freezing.
- We have still more to do on this field and bringing communities together and making this field our priority.
- I want to stress about the importance of families to improve the level of education in order to support their children's development.
- The speakers talk about all what are important.
- If government continues to be under paid, the burn out rate will go up, then there is not going to be any good qualified teachers staying in the field. Therefore proper pay is the key to keep good teachers in the field.
- Every one of the speakers was awesome.
- Great job this year! Very well organized and facilitated. Great work Ruth and LPC!!
- Much appreciate the efforts and work that went into this day. Appreciate being allowed to attend even though I do not live/work in this county anymore.
